 **county**
/ˈkaʊnti/
noun

a territorial division of some countries, forming the chief unit of local administration.
"one of the most attractive towns in the county"

Similar: [shire](#) [province](#) [territory](#) [administrative unit](#) [sector](#) [department](#) 

The United Kingdom is divided up into counties.

Activity 1:

On the attached map, some of the counties have been hidden, can you find out which ones they are?

Activity 2:

Create a quiz based on the theme of counties.

You could do this as a power point, a question and answer quiz, a true/false quiz or perhaps a multiple choice quiz.

We look forward to sharing them.
